

# CALL FOR PROPOSAL

## DEMONSTRATOR

### Overview

**Programme**

Demonstrator

**Date Published**

21/08/2017

**Project Type**

Demonstrator

**Application Deadline**

13/10/2017

### Who should apply

This is open to Climate-KIC Core or Affiliate partners. If you are interested in joining our partner network, please contact one of our local Climate-KIC offices.

### What we are looking for

The Climate-KIC Demonstrator programme aims to support Partners in the demonstration of innovation outcomes. Proposed Demonstrator projects should target the demonstration of the innovation and show that the innovation can also meet the criteria of the associated business model. Additional analysis, such as production engineering and costing analysis for technology innovations, is acceptable in meeting the business model criteria.

Climate-KIC offers significant funding and support for Demonstrator projects and therefore sets stricter eligibility criteria than other KIC programmes. This is no specified funding limit, but Demonstrator project typically fall in the range €500k to €3M. Full details can be found in the application form and guidance. Demonstrator applications should focus on the priority areas targeted in the Climate-KIC Thematic Priorities document.

### Application Details

- Download [Climate-KIC Thematic Priorities for 2017](#)
- Download [Proposal Form](#) and [Guidance](#)
- Submit completed applications via email to [applications@climate-kic.org](mailto:applications@climate-kic.org)
- For further information, please contact your [local Climate-KIC office](#).

### Other Programme Information

**SPS will launch two new Flagships Programmes** in conjunction with the Demonstrator Call. The Theme will publish the corresponding documentation and **Call for Proposals on 8th September 2017**.
