# Härnösand in Höga Kusten – the High Coast Area

[https://www.youtube.com/watch?v=87Ma\\_sHkCds](https://www.youtube.com/watch?v=87Ma_sHkCds)

Made by the culture and nature

# Six reasons sustainability is natural to us

- 1 Bio Fuel from food waste
- 2 100% locally produced energy
- 3 Fossil free public transport
- 4 The Cow Funder Initiative
- 5 Unique Solar Collectors
- 6 Europes largest Aquaponic company

# Peckas Naturodlingar

## Circular production of vegetables and fish that is expanding

Härnösands  
kommun

# Center of R&D Northern Sweden

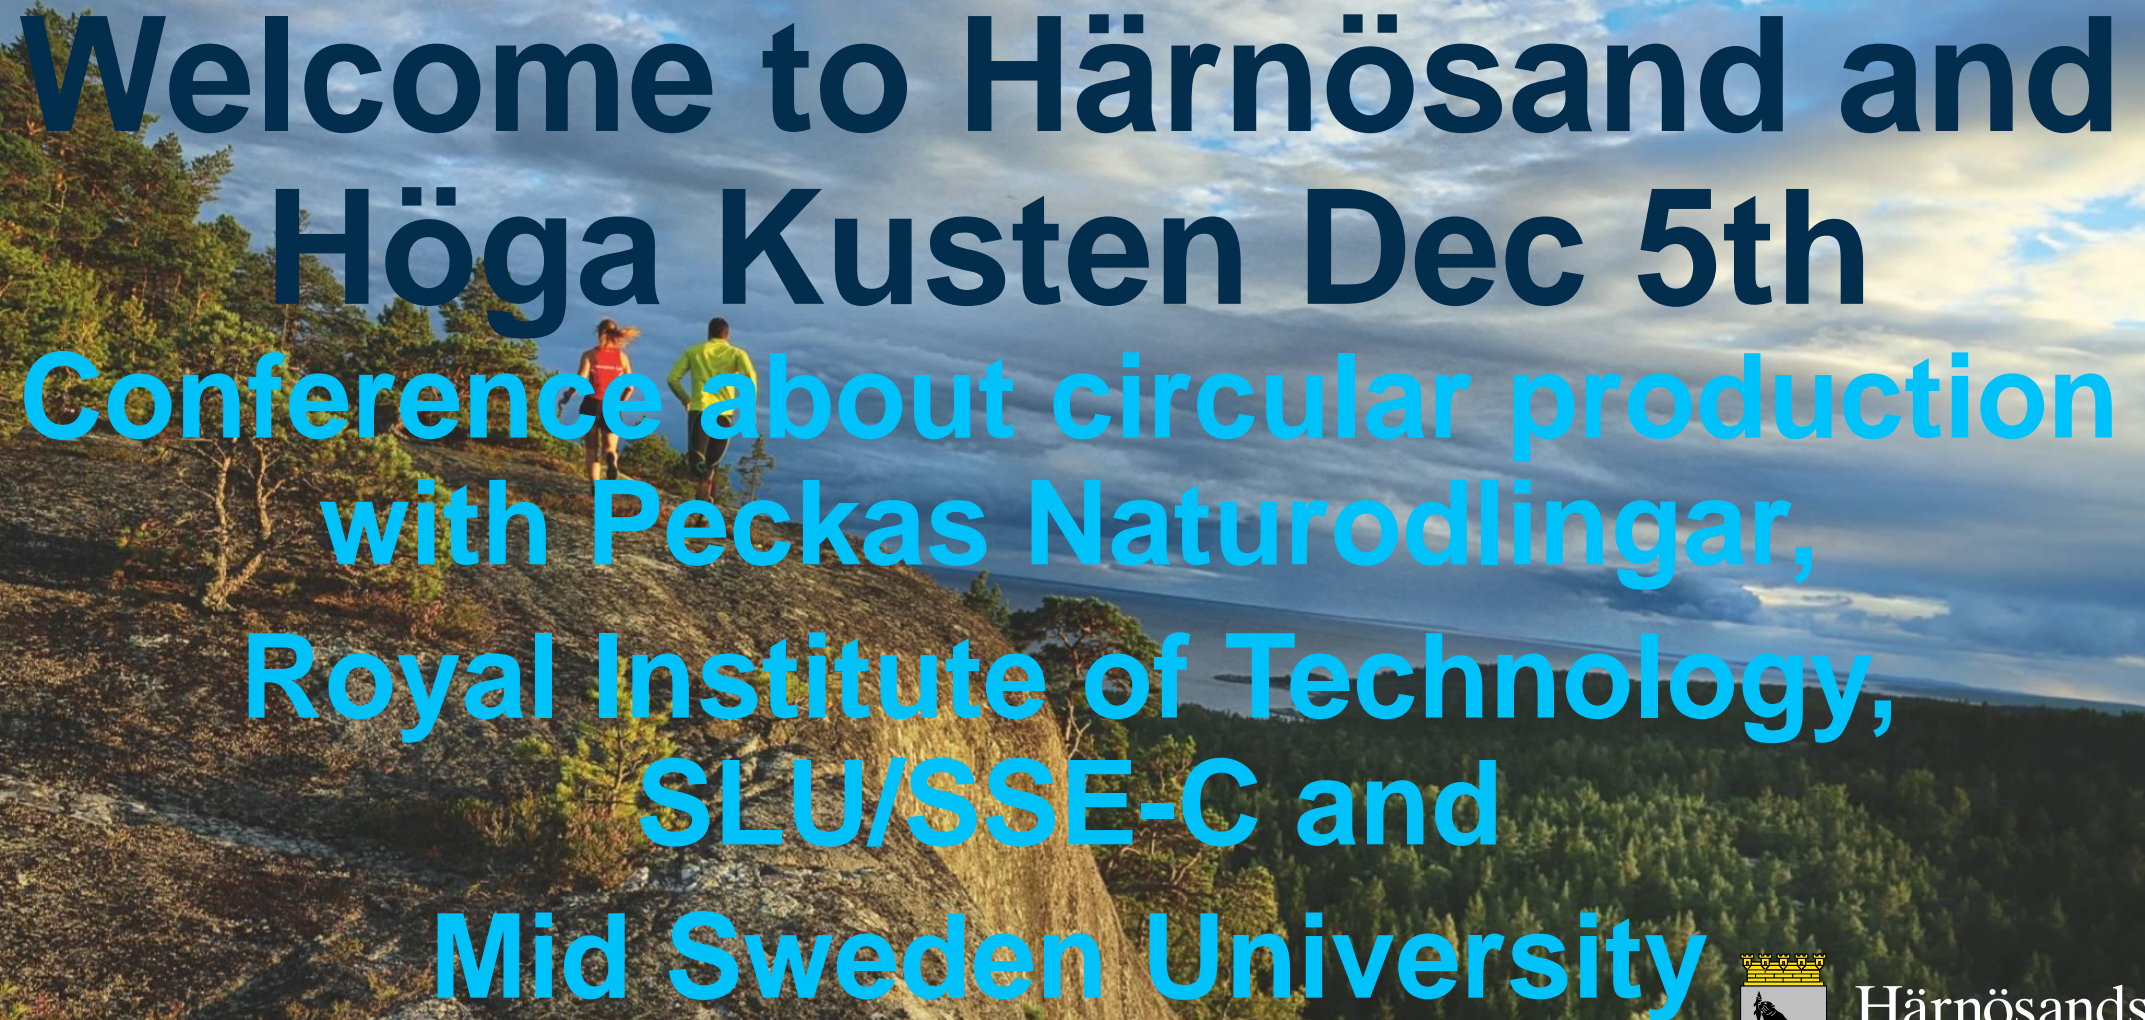

In cooperation with SSE-C/SLU, Region Västernorrland, Mid Sweden University and other organisations working with the regional food strategy and R&D food tech

Pilot study Aug-Dec 2018

How to develop circular productions of vegetable and fish and establish other sustainable food production sites in Härnösand and the region

What other industries can collaborate or use the infrastructure for the productions sites

**Welcome to Härnösand and  
Höga Kusten Dec 5th  
Conference about circular production  
with Peckas Naturodlingar,  
Royal Institute of Technology,  
SLU/SSE-C and  
Mid Sweden University**
