“My advice: don’t be an entrepreneur!”

Alisée de Tonnac is CEO and Co-Founder of Seedstars World, a global start-up competition aiming at impacting people’s lives in emerging markets through technology and entrepreneurship. Being set up in 2013, the Seedstars World is now present in 60+ cities and by next year Seedstars World will be launching 15 strategic hubs (seedspace co-working + seedstars academies) around the world. Alisée was nominated Social Entrepreneur Forbes 30 under 30 and Innovation Fellow of Wired UK.

In our first Climate-KIC SPARK! talk in 2017, Alisée will share with us her deep knowledge of trends in technology, social media and consumer behaviour in emerging markets as well as what it means to be or not to be an entrepreneur.
