## 4.1 Your data and Confidentiality (GDPR – Action required)

Access to the project proposals will be given to all the KICs participating in this EIT Community action. The title and scope of the project will be shared within the KICs communities and will be made publicly available (e.g., on the KICs web site, in presentations at conferences etc.).

### Your Data

All applicants will have to accept EIT Climate-KIC's [General Terms and Conditions](#) which also includes, in particular, related [Privacy policies](#) and [Acceptable Use policies](#) and warrant and represent that they have the authority to agree and accept these on behalf of the named organisation. Personal data provided may be processed, including sharing with other organisations, by EIT Community and certain sensitive data elements will be visible to other partners or potential partners of EIT Community. The named partner organisation or potential partner of EIT Community warrants and represents that in providing personal data in connection with the proposal, the data subjects have consented to the provision of this personal data and the processing of it by EIT Community in the manner indicated in accordance with Privacy policies, and that the partner organisation or potential partner of EIT Community provides the personal data in accordance with applicable law.

### Confidentiality

EIT Community will treat your proposal confidentially, as well as any related information, data and documents received in accordance with our Privacy Policy or as otherwise indicated throughout the proposal form (i.e., public summary). Independent expert reviewers or evaluators are also bound by an obligation of confidentiality.

Please pay attention not to attempt to discuss your proposal with persons you believe may act as an independent expert for KICs participating in this EIT Community action.

**By ticking this box, I hereby accept EIT Community [Terms and Conditions](#)**

## 5 EXECUTIVE SUMMARY (maximum ½ page)

The executive summary should be a clear and concise description of the project's key elements.

Text added here

Max. 900 characters with spaces

Font: Calibri

Space: single

Please identify the selected EIT Community NEB Challenges addressed by your proposal

Please identify the selected EIT Community NEB Challenges addressed by your proposal		In case you selected more than 1 challenge please indicate the primary challenge addressed in your application.
<input type="checkbox"/>	Re-connecting with nature	<input type="checkbox"/>
<input type="checkbox"/>	Re-gaining sense of community and belonging	<input type="checkbox"/>
<input type="checkbox"/>	Prioritising the places and people that need it the most	<input type="checkbox"/>
<input type="checkbox"/>	The need for long term, life cycle and integrated thinking in industrial ecosystem	<input type="checkbox"/>

## 6 BACKGROUND INFORMATION (maximum ½ page)

Please define the hackathon scope, including specific issues or challenges related to the area, as well as the importance of addressing them.

Text added here

Max. 900 characters with spaces

Font: Calibri 11

Space: single

## 7 PROJECT DESCRIPTION (maximum 1 page)

Describe timeline, locality, communication, and dissemination plan of the proposed hackathon. If the implementation happens on different places, please define the locality of each sub-activity.

Define target groups that will be involved in the planned activity. Please define how the proposed delivery embeds and integrates all the three core NEB values (namely: sustainability, aesthetics, inclusion) and all the three key NEB principles (namely: multilevel, participatory, transdisciplinary approach)
