Contract Details	
Title	Evaluation Circularity Innovation Ecosystems in Nairobi
Short description	EIT Climate KIC is contracting an evaluation of the circularity innovation ecosystems in Nairobi
Proposed type of contract	One-off Agreement;
Type of process	Request for Proposal
Legal entity	Climate-KIC Holding B.V.
Contract duration	5 months, commencing 19 th of June 2023
Brief summary of goods/services to be provided	<p>EIT Climate KIC would like to commission an evaluation of the circularity innovation ecosystem in the city of Nairobi. The evaluation will serve as a baseline for a project on circularity innovation ecosystem building.</p> <p>The evaluation should include the identification of key circularity indicators for the city, characterisation of the circularity system with particular emphasis on waste management, including regulatory, institutional, and cultural elements, as well as characterization of the stakeholders in the ecosystem via social network analysis or other suitable approach. Focus should be given to characterizing the livelihood and working conditions of informal workers in the waste management sector. A mix of primary data collection and document review are anticipated.</p> <p>The selected provided should have experience in evaluation in the local context. The estimated budget for this evaluation is €55,000</p>
