Contract Details	
Title	Grantee Auditor – Systems Innovation Learning Partnership (SILP) Experimentation Fund
Short description	The intention of this procurement is to cover Stichting Climate-KIC International Foundation's obligations to audit grants cascaded by the SILP Experimentation Fund, on behalf of Sida and in line with its Grant Agreement with Sida. In addition to this obligation, and in the spirit of the SILP Partnership and learning approach, Climate-KIC Foundation is also keen to explore and model different approaches to supporting grantees who may be first-time recipients, building capacity and capability in the process of fulfilling its compliance and grant assurance function. We are therefore particularly interested to hear from proponents with suitable background and experience in auditing small-scale grants in a variety of context and with a diversity of organisations, as well as a similar interest in capability building and experimental approaches to established practices, in order to develop and learn together.
Proposed type of contract	A one-off agreement with a component of hourly or date-rated work where applicable (to retain flexibility for both parties).
Type of process	Request for Proposal
Legal entity	Stichting Climate-KIC International Foundation
Contract duration	Circa 1 year, September 2023 to September 2024
Brief summary of goods/services to be provided	Stichting Climate-KIC International Foundation is seeking services from an experienced grant/grantee auditor for grants recently awarded under the SILP Experimentation Fund. Services will include: i) co-design of the terms of reference for audit; ii) training and support for grantees at the mid-point of the programme, and ahead of final reporting and audit; and iii) execution of the audit process.

Timeline	
Deadline for receipt of proposals	7 September 2023, 17.00 CEST
Proposal must be valid for	6 months
